TRINIDAD FUNDADOR

Trinidad, a finely manufactured Cuban cigar brand, is now being produced in the Dominican Republic. Dominican "Trinis" are available in seven shapes, but we suggest the 52 x 6 Fundador, the only one in which the original Cubano was made. Contrary to its billing as a powerful smoking experience, we found the Fundador to be more of a medium bodied cigar. An Ecuadorian Sumatra wrapper lends a slightly spicy taste, and the blend of Nicaraguan, Dominican, and Honduran tobacco yields a complex flavor. (800) www.trinidad.com
