## popcorn-ball snowman

**supplies for five snowmen:** 1 package large marshmallows, ¼ cup unsalted butter, 1 teaspoon vanilla, 10 cups freshly popped popcorn, 5 chocolate chip cookies, 5 M&M's, 5 sprinkles, decorator's frosting (32 oz tube, of grocery stores)

**how to:**

- Melt marshmallows and butter in a large pot over medium heat, stirring frequently—don't overcook! Remove from heat. Stir in vanilla.
- Let stand for five minutes, then pour mixture over popcorn in a large mixing bowl and stir well. Buffer your palms well, then form five large balls and five smaller balls of popcorn. Place one small ball on top of a large one and press together to form snowman. Decorate with cookies, candy and sprinkles. Use frosting as the "glue" to stick on decorations.
